
PU Project SVN Info

Posted by pragma - 2007/06/26 12:47

The PUArcade source control repository is here:

<http://joomlancode.org/svn/puarcade>

The PUDBA source control repository is here:

<http://joomlancode.org/svn/pudba>

The PURPS source control repository is here:

<http://joomlancode.org/svn/purps>

Each project allows anonymous checkouts of its source code. Use 'anonymous' as the username and a blank password to checkout the code.

You can view the recent updates and other information about the projects in SVN:

PUArcade: <http://joomlancode.org/gf/project/puarcade/scmsvn>

PUDBA: <http://joomlancode.org/gf/project/pudba/scmsvn>

PURPS: <http://joomlancode.org/gf/project/purps/scmsvn>

If you are interested in contributing code to the projects, please contact me via PM or Email.
